

Mole Valley Junior League

May 2010 (version 4)

Mole Valley Junior League - The Rules

1. The league is open to all Mole Valley juniors and other non affiliated juniors (independent of any orienteering club) who entered the 2009 Mole Valley Junior League or take part in an event within Mole Valley. Others may join the league just email publicity@mvoc.org. There is no charge associated with being a league member.
2. There will be approximately 15 events between January and August 2010 which count towards the Mole Valley junior League. The list will be updated and events may be amended as the season progresses.
3. Your highest 5 scores count towards your total score.
4. A handicap scoring system will be used based on course, age and time taken. Unlike last year there will be a single league, so you can run any course; harder courses may secure more points.
5. The harder the course you run the more points you will get. (As a very rough guide an 8 year old may run the white (easy) course; 10 year olds the easy but slightly longer yellow course; 12 year olds the harder orange course; and so on - 14 light green; 16 green and 18 blue). However not all events include the full range of coloured coded courses and gradual progression from easy to harder courses is essential.
6. Like last year the events will be a mix of Mole Valley events and other local club events.
7. Prizes will be awarded to the top three competitors.
8. All queries or problems should be addressed to publicity@mvoc.org.

Event information and Results

Mole Valley Junior League Events and Results are listed below

The Mole Valley website provides details of many other selected events both locally and beyond. It also describes the benefits and process of becoming a member of the club. By joining the club you also need to join British Orienteering (often known as BOF) which has many benefits, and there are two types of membership:

- Local membership which allows you to attend all open events in the country except for the British Championships, and gives you a members discount on entry fees in South-East England.
- National membership which additionally allows you to enter British Championships and gives you a members discount everywhere.

Full details can be found on the BOF website www.britishorienteering.org.uk
